Check Out Our Monthly Service for 600 ELC: Third Thursday

** Fees: Some items (i.e. TV's) have downstream recycling costs and others (i.e. printers) have very limited scrap/commodity value. See the attached checklist for details.*

Recycling Today for a Better Tomorrow

What happens to the items that we collect?

Each item is reviewed for potential reuse and refurbishing - about 20 % to 30% can be reused. Other items are broken down for parts and materials (pc's, printers, appliances, etc.) We recover steel, aluminum, copper, glass, plastics and other raw materials that are further processed with specialty recycling companies.

***We recycle much more! Got something else? Have questions?
Give us a call or email.***

We follow the 3Rs - Recycle - Reuse - Refurbish
